11. Target a community that will be willing to learn and buy into the idea of the farmers markets.
12. Do a case study with people from the community.
13. Should the markets have an education aspect at the market?
14. Try and have interactive workshops with the community and also children to show the fun and importance of nutrition.
15. Get people to become interested in the market.
16. Churches establishing farmers markets.
17. Promote Seeds of Hope (CONTACT DONNA BRYANT).
18. Connect with health and wellness communities.
19. Extra incentives for using EBT.
20. Mobile Vendors (Rolling food trucks, and Seeds of Hope).
21. LITERATURE!!!!!!! Get the info out to the communities.
22. Hispanic outreach.
23. Educate people with healthy literature and also healthy eating habits.

The Think Tank group also discussed the idea of setting a date, time and place for the next three meetings. The group agreed to convene the meeting on the last Wednesday in March, April and May at 2:00 p.m. at the Hope Plaza if the building is available. Barbara Franklin said that she will reserve the room and let us know if there is a problem with the date and time.

I am also asking market managers to share any ideas that they may have for getting more low-income families to visit and shop at the community based farmers market. All information should be sent to Fred Broughton, S. C. Department of Agriculture, P. O. Box 11280, Columbia, S. C. 29201 or you may call my student intern Walter Pollard at 803-734-2154.
